Sara,  
I understand that this bullet about the Brick letter has an update – you now have some feedback from Susan and a revised template, which Martha is running by David Cozzie. Rick is checking with Martha to see if she got any feedback from him, but that you can begin preparing for signature while we await the final word on that.

Also, Rick asked about expedited FAR for MM2A which was on last week's agenda. Did we get an answer on that? Does an email need to be sent or has it been sent? Can we remove it for this week?

Thanks.
